

NETWORK NEWS

A Quarterly Brief for Providers
SUMMER 2026 EDITION

ALIGN: Leadership Spotlight

- **Announcing Our New Board Chair: Jennifer Goldman, DO, MBA**
We are proud to announce Dr. Jennifer Goldman as the new Chair of Memorial Health Network. A board-certified family physician and Chief Medical Information Officer for Memorial Healthcare System, Dr. Goldman brings over 20 years of clinical and executive expertise to this role. Known for her award-winning work in clinical informatics and process transformation, she is dedicated to optimizing workflows for care teams and improving community access. We look forward to her leadership in leveraging data and technology to support our providers and enhance patient outcomes.

PLAN: Strategic Milestones and Performance

- **Closing the 2025 Performance Year**
The 2025 data cycle has now concluded. Final performance reports will be sent shortly for your review. Thank you for your commitment to quality and for your patience during the Q1 reporting pause.
- **2026 Provider Progress Report**
We are halfway through the 2026 performance year. Your mid-year progress reports will be distributed this month. These summaries are designed to help you identify remaining care gaps and prioritize patient outreach for the second half of the year. Focusing on high-impact metrics now will ensure a smoother Q4 and a strong finish for the 2026 term.
- **Oscar Performance Year 2025 Audit**
Oscar will be conducting their Risk Adjustment Data Validation Performance Year 2025 Audit from July 2026 through November 2026. Datavant is the authorized vendor for this chart chase; if you receive a request from them, please submit requested medical records promptly using their various retrieval options. Memorial Health Network will be sending an email communication with more specific details soon.

PREVENT: Clinical Awareness and Early Intervention

- **Quarterly Health Awareness Calendar**
Align your clinical outreach with the following monthly initiatives for high performance throughout the year:
 - **June | Men's Health Month:** Use this month to encourage male patients to schedule routine screenings and preventative exams. [CLICK HERE](#) to access the Men's Health Roadmap to help guide patient discussions.
 - **July | Prioritize Annual Wellness Visits (AWV):** Use the summer window to close care gaps and capture HEDIS metrics early. This provides the lead time needed for secondary interventions and stable year-end performance scores.
 - **August | National Immunization Awareness Month:** It's back-to-school season! Help your families stay ahead of the rush by ensuring all required immunizations are up to date. [CLICK HERE](#) to use the Patient Roadmap to encourage vaccinations.

SYNC: Data Cycles and Practice Maintenance

To ensure uninterrupted participation and payment, please verify that your credentials are current:

- **Annual Membership Fees**
MHN Annual Membership Fees are now due. Please be on the lookout for your invoice in your inbox. If you have not paid your 2025 dues, they will be included in the 2026 invoice. Payments are now accepted on the Memorial Health Network payment portal. [CLICK HERE](#) to access the portal.
- **CAQH Profile**
Re-attestation is required every 120 days. Ensure all medical licenses, DEA certifications, and current proof of insurance are uploaded. [CLICK HERE](#) to update your profile.
- **PECOS Enrollment**
Active enrollment is mandatory for network participation. Please confirm that your legal business name matches exactly across NPPES and PECOS to avoid potential payment disruptions. [CLICK HERE](#) to verify your status.
